VISION AND MISSION

- Vision:

See the emergence in the DRC of the localization of the humanitarian response, which will allow local actors to play a leading role in the humanitarian response, take the co-leadership of humanitarian coordination, and fully engage in the transition to the Humanitarian-Peace-Development Nexus.

- Mission / Objectives:

- To ensure a unique coordination of humanitarian and development platforms in the DRC to enable them to increase their influence and speak with a single voice, through a unified representation before the government, humanitarian partners, and donors.
- Effort to ensure fair representation of local actors in all humanitarian coordination mechanisms.
- To contribute to the realization of the localization of humanitarian response through concrete proposals and advocacy leadership to advance the localization agenda by implementing the Grand Bargain resolutions.
- Coordinate the humanitarian response actions of national and local humanitarian actors;
- Mobilization of funds for strengthening the programmatic, operational, financial, and logistical capacities of local humanitarian actors
