WHO ARE WE?

• **History:** After the Istanbul summit where national NGOs sent two representatives, the need to better coordinate in order to speak with a single voice representing all Congolese NGOs became apparent.

## WHO ARE WE?

The arrival of the programs **Shifting the power** and later the support and accompaniment from DKH/ToGETHER will enable us to accelerate the reflection and achieve the effective establishment of the current platform of platforms. On September 26, 2022, all five platforms comprising the NGOs of the DRC formalized the establishment of the common coordination by signing the charter and the constitutive act of the **CONAFOHD DRC**

## OUR VISION

See the emergence in the DRC of the localization of humanitarian response, which will allow local actors to play a leading role in the humanitarian response, take the Co-leadership of humanitarian coordination, and fully engage in the transition to development.

## OUR MISSION/ OBJECTIVE

- Ensure the unique coordination and representation of all humanitarian and development platforms in the DRC
- Increase the influence, participation, and voice of NGOs
  - Mobilize funds for the capacity building of local humanitarian actors
